

## CHILDRENS' CORNER

Dear Guests,

We are pleased to be able to offer the youngest visitors to Grund Resort access to our newly opened outdoor playground. We are confident that you and your children (whether as guests of the hotel or the restaurant) will appreciate the playground and spend enjoyable leisure hours there. You can watch your children from the terrace, where you can also taste our local cuisine.

Our Childrens' corner meets all relevant safety requirements for such facilities. However we do ask parents not to leave their children unattended. Children remain the responsibility of their parents.

We thank you and wish you and your children a pleasant stay with Grund Golf & Ski Resort.
